The JOHNSON PUBLISHING COMPANY, INC. is pleased to present the 1981 edition of the Beverly, Massachusetts City Directory.

It has always been our policy to provide accurate and comprehensive directory service to those communities that desire the "finest". We realize however that some errors and omissions are inevitable and earnestly request that these be brought to our attention. These errors and omissions will be corrected in the next edition of the directory. It is only through the interest of the subscribers and users of the directory that each new edition can surpass the last.

In the public interest the use of this directory for any other purpose than as a reference volume or reproduction of any part of this directory is expressly prohibited without written permission from the publisher.

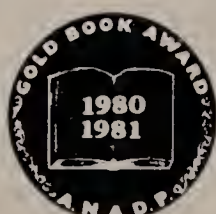

We are proud of our membership in the association of North American Directory Publishers. The members of this association are constantly striving to improve the products offered to the communities they serve. It is through the association's attitude of mutual sharing that many of the industries' advancements have been made.

HISTORY

The Publisher gratefully acknowledges the effort made by the North Shore Chamber of Commerce in furnishing the following community statistics and information.

“Birthplace of the American Navy”

Early American history is abundant in Beverly, Massachusetts, but few cities blend so well the old and the new. The Beverly of today was included in the territory called “Naumkeag”, settled in 1626 by Roger Conant and his followers who sailed into Beverly harbor aboard the “Abigail”, and set aside as a township in 1668. It was incorporated as a city in 1894. The early settlers handed down to its present generation a worthy heritage of tradition and history, along with a wealth of natural beauty and assets.

In 1968 Beverly celebrated its 300th Anniversary as a town, having been incorporated as a separate township in 1668. The Historic Trail, Yankee Homecoming, Summer Music Theater, and a Lobster Festival each year are tourist attractions.

Situated only 18 miles north of Boston, Beverly is the heart of the North Shore. It has the convenience of the city, the serenity of the country and the charm of a New England sea-faring town. Excellent transportation and modern highways, with a backdrop of nature’s loveliest scenery, make it popular for living, business, industry and recreation.

Covering 15 square miles of area, it has nine miles of coastline, including smooth white sandy beaches, rocky ledges interspersed with seaside estates or neat, well kept homes. Back from the shore are wooded country lanes, with gentle rolling terrain and attractive homes. Approaching by land or by sea, the tall white spires of the churches can be seen nestled among the abundant foliage of the early planters ground.

American pioneers Roger Conant, John Balch and other “planters” built their homes here. One of the homes, the Balch House, built in 1636, is the oldest wooden frame house in the country, and still stands as a record of early days and an attraction for visitors.

The city has many “firsts” of which to be proud. Here the first cotton mill in American was established in 1788, the first Britannia ware was manufactured in 1808, and the first Sunday School in New England was started (1810).

The first ship of the American Navy, the schooner “Hannah”, was outfitted, armed, equipped and provisioned at Beverly. Commissioned by General George Washington, it sailed from here on its first

cruise on September 5, 1775, and two days later brought in a prize. This important incident in history, recorded in original documents at the Library of Congress, made Beverly the Birthplace of the American Navy. Many other ships were also commissioned at this important port of revolutionary days, and at one time as many prizes were brought back to Beverly, it was necessary to construct new docks. Sixty vessels were in the harbor at one time — aided greatly the continental forces through clothing, military stores and supplies.

George Cabot in 1798 was honored by President John Adams by being named the first Secretary of the Navy.

History also reveals that baked beans originated in Beverly and later became popular in Boston. Historian Morrison noted “After teaching Boston how to bake beans, that city took credit. After showing Salem how to fish and privateer, the larger port almost absorbed her neighbor.”

Beverly was the scene of the Summer White House of President William Howard Taft, and Benjamin Harrison summered here the year after he returned from the Presidency. It has been the home of many distinguished citizens, including Rev. Joseph Willard, D.D. of the First Church in Beverly, President of Harvard College in 1781; Nathan Dane, member of the Continental Congress; birthplace of poetess Lucy Larcom; both Oliver Wendell Holmes, Senior and Junior; former Senator and U. S. Delegate to the United Nations; Henry Cabot Lodge, former Ambassador William Phillips and many other famous people.

Beverly is a pleasant, residential, diversified community. From fishing, commerce and agriculture of earlier days, it has developed into a prosperous, well-balanced city. From manufacture of shoes, it grew to include the world’s largest shoe machinery plant, owned by the United Shoe Machinery Corporation, Beverly’s largest employer. In recent years, various types of machine tools, chemicals, metal products and electronic devices have helped expand the city’s economy. Highway Route 128, opening new land for industrial use, is attracting further industry and retail trade here.

A cultural and youthful enthusiasm has grown in Beverly in recent years by the location and growth of colleges and schools including Endicott College, Gordon College, Gordon Conwell, North

HISTORY (Continued)

Shore Community College, Landmark School, Shore Country Day School, Brookwood School, North Shore Regional Vocational School, Montserrat School of Art and the North Shore Music Theater.

New homes in all sections, new churches and schools, enlarged hospital facilities and a convenient downtown shopping center have added to the ideal living conditions found in the community. Over 100 clubs and organizations include improvement associations, Beverly Historical Society, veterans' organizations, fraternal groups, United Fund, and social service agencies.

A progressive city government, an active Chamber of Commerce and a healthy business climate have multiplied natural advantages found here to make Beverly the kind of place people are proud to call their "home town".

Beverly's modern Municipal Airport serves the entire North Shore and other communities in Essex County. Located just off Route 128, it has excellent paved runways, the longest being 5,000 feet; easy access and fine service facilities.

An increase in visitors has supported three fine motels, many excellent restaurants, shops and visitor services.

The Beverly Public Library, established in 1855, is located at 32 Essex Street, with present book collection numbering about 150,000 volumes. The library includes reading and reference rooms, art and genealogy rooms, offices and storage rooms. A branch library is located at 24 Vine Street, Beverly Farms, and a bookmobile visits various sections of the community and schools.

CHAMBER GOALS BEVERLY - DANVER AREA

The primary purpose of your Chamber is to help business grow, encourage expansion of the free enterprise system, and to promote economic and community development programs that will assist the people of our area. With the help and commitment of the membership, and leadership provided by our Officers and Directors, we will strive to have an important impact on the future of this region.

By working together, we can accomplish many of our objectives and make this area a better place to live and work. Outlined are some priority programs and proposed goals for the Beverly - Danvers Area business and professional community.

- * Economic Development - Provide leadership and financial resources for an improved economic development program to assist existing companies and help new business to locate in the area. See that job training needs are met, so companies may expand here.
- * Intown Improvements - Work to encourage further revitalization of the Beverly - Danvers central business districts, and provide assistance to all groups interested in in-town improvements. Provide leadership for marketing and promotional programs and development efforts.
- * Economic Understanding - Initiate an economic understanding program that will seek to inform and educate students, teachers, employees and the general public on business concerns and how our economy operates.
- * Public Affairs - Effectively communicate with elected officials at all levels of government so they will respond positively on issues of importance to business. Alert the business community on critical issues so they may meet with legislators. Provide management assistance in evaluating government services, and recommending cost saving improvements.
- * Educational Programs - Assist area business and professional people by sponsoring a series of useful seminars. These seminars help people to get timely information needed in their jobs.
- * Membership Meetings - Invite top speakers to the Beverly - Danvers Area to address the membership on important and timely issues. Recognize progress being made by area firms and individuals.
- * Transportation and Energy Issues - Ensure that the transportation needs of our area are met and that business needs are clearly understood on energy, conservation and environmental issues.
- * Tourist and Visitor Development - Assist Beverly - Danvers Area businesses in developing attractive brochures and cooperative advertising campaigns to further promote the region. Work closely with the Essex County Tourist Council and other organizations on the North Shore.
- * Membership Development - Membership growth of the Chamber is essential if we are to run an effective Chamber. We will add at least ten new members each month to our membership roster during the year.

The Art of GETTING ALONG

Sooner or later, a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take. He learns that it doesn't pay to be a sensitive soul; that he should let some things go over his head like water off a duck's back. He learns that he who loses his temper usually loses out. He learns all men have burnt toast for breakfast now and then, and that he shouldn't take the other fellow's grouch too seriously. He learns that carrying a chip on his shoulder is the easiest way to get into a fight. He learns that the quickest way to become unpopular is to carry tales and gossip about others. He learns that buck-passing always turns out to be a boomerang, and that it never pays.

He comes to realize that the business could run along perfectly well without him. He learns that it doesn't matter so much who gets the credit so long as the business shows a profit. He learns that even the janitor is human and that it doesn't do any harm to smile and say "Good Morning", even if it is raining. He learns that most of the other fellows are as ambitious as he is, that they have brains that are as good or better, and that hard work and not cleverness is the secret of success. He learns to sympathize with the youngster coming into the business, because he remembers how bewildered he was when he first started. He learns not to worry when he loses an order, because experience has shown that if he always gives his best, his average will break pretty well. He learns that no man ever got to first base alone, and that it is only through cooperative effort that we move on to better things. He learns that bosses are no monsters, trying to get the last ounce of work out of him for the least amount of pay, but that they are usually fine men who have succeeded through hard work and who want to do the right thing. He learns that folks are not any harder to get along with in one place than another, and that the "getting along" depends about ninety-eight per cent on his own behavior.

Reference Advertising

Advertising — that is perpetual in mediums that have a permanent value.

Advertising — that protects and supplements all other forms of advertising that create desire.

Advertising — that directs the buyer when the need is imperative after the desire has been created.

Advertising — that by its permanence establishes confidence and stability.

Advertising — by which tomorrow's success is built on today's action.

It's an admirable goal to shoot for in publishing City directories...

But - with the thousands of subscribers to be listed, changed addresses and new numbers, we hope you understand how an error could occur.

Your name, address and telephone number in this directory likely are correct. But, if by any chance they are not, you'll do us a favor by telephoning or writing our business office.

We'll correct our records promptly so it will appear the way it should in the next issue.

BEVERLY, MASSACHUSETTS

ALPHABETICAL LIST OF NAMES

A complete alphabetical list
of residents and businesses
with vital information providing
total community identification.

Johnson Publishing Company, Inc.

Information in the Alphabetical Section is shown in the following order:
Name of husband, wife's first name and her occupation if she is employed outside of the home. The husband's occupation and the name of his employer, the address (the symbol ® or (h) following the address indicates ownership of the home), the telephone number as reported to the census taker and the number in family.

In the case of a Business Listing or a Professional Listing:
The name of the business or the profession, classification, names of the officers or the owners, address and telephone number.

“FOOD FOR THOUGHT”

So the squirrel said, “I don’t like the nuts on this tree,” and he moved on to another tree. That squirrel was a darned sight smarter than some people.

We figure that anyone who accepts a job and then spends his 8 hours a day complaining about the boss, or the situation, is really stupid. If he doesn’t like it, why the hell doesn’t he get out and find a tree he likes?

The Constitution says we’re guaranteed the right to PURSUE life, liberty and happiness. Doesn’t say a word about guaranteeing the cookie jar will be filled every morning. Filling it is up to the individual ... same as the squirrel.

Now, don’t get us wrong. We’re not furnishing every employer with a white hat. But he is providing the nuts we do get, and no one is standing there with a sword forcing us to accept this particular brand of nuts.

In short, we’re an advocate of the old principle that says “If you work for a man, work for him,” do all you can to make him succeed, for your future is tied to his success.

It’s a pretty true statement, because if you goof him up, you’ll kill the whole tree.

Then it’ll be a nutless winter for sure!

A MODERN FABLE

Once upon a time there was a Little Red Hen who scratched about and uncovered some grains of wheat. She called her barnyard neighbors and said, "If we work together and plant this wheat, we will have some fine bread to eat. Who will help me plant the wheat?"

"Not I," said the Cow. "Not I," said the Duck. "Not I," said the Goose.

"Then I will," said the Little Red Hen -- and she did.

After the wheat started growing, the ground turned dry and there was no rain in sight. "Who will help me water the wheat?" said the Little Red Hen.

"Not I," said the Cow. "Not I," said the Pig. "Equal rights," said the Goose.

"Then I will," said the Little Red Hen - and she did.

The wheat grew tall and ripened into golden grain. "Who will help me reap the wheat?" asked the Little Red Hen.

"Not I," said the Cow. "Not I," said the Duck. "Out of my classification," said the Pig. "I'd lose my ADC," said the Goose.

"Then I will," said the Little Red Hen -- and she did.

When it came time to grind the flour, "Not I," said the Cow, "I'd lose my unemployment compensation," said the Duck.

When it came time to bake the bread, "That's overtime for me," said the Cow. "I'm a dropout and never learned how," said the Duck. "I'd lose my welfare benefits," said the Pig. "If I'm the only one helping that's discrimination," said the Goose.

"Then I will," said the Little Red Hen -- and she did.

She baked five loaves of fine bread and held them up for her neighbors to see.

"I want some," said the Cow. "I want some," said the Duck. "I want some," said the Pig. "I demand my share," said the Goose.

"No," said the Little Red Hen. "I can rest for awhile and eat the five loaves myself."

"Excess profits," cried the Cow. "Capitalistic leech!" screamed the Duck. "Company fink," screamed the Goose, "Equal rights," grunted the Pig.

And they hurriedly painted picket signs and marched around the Little Red Hen singing "We shall overcome." And they did.

For when the Farmer came to investigate the commotion, he said, "You must not be greedy, Little Red Hen. Look at the oppressed Cow. Look at the disadvantaged Duck. Look at the underprivileged Pig. Look at the less fortunate Goose. You are guilty of making second-class citizens of them!"

"But-but-but I earned the bread," said the Little Red Hen.

"Exactly," the wise Farmer said. "That is the wonderful free enterprise system; anybody can earn as much as he wants. You should be happy to have this freedom. In other barnyards, you would have to give all five loaves to the Farmer. Here you give four loaves to your suffering neighbors."

And they all lived happily ever after. Including the Little Red Hen, who smiled and smiled and clucked. "I am grateful. I am grateful."

But her neighbors wondered why she never baked any more bread.

GOOD BUSINESS

By EDGAR A. GUEST

If I possessed a shop or store
I'd drive the grouches off my floor.

I'd never let some gloomy guy
Offend the folks who come to buy
I'd never keep a boy or clerk
With mental toothache at his work.
Nor let a man who draws my pay
Drive customers of mine away.

I'd treat the man who takes my time
And spends a nickel or a dime
With courtesy, and make him feel
That I was pleased to close the deal,
Because tomorrow, who can tell,
He may want stuff I have to sell;
And in that case then glad he'll be
To spend his dollars all with me.

The reason people pass one door
To patronize another store, is
Not because the busier place
Has better silks or gloves or lace
Or cheaper prices, but it lies
In pleasant words and smiling eyes;
The only difference, I believe is
In the treatment folks receive.

It is good business to be fair
To keep a bright and cheerful air
About the place, and not to show
Your customers how much you know.

Whatever any patron did
I'd try to keep my temper hid, and
Never let him spread along
The word that I had done him wrong.

Everything You Always Wanted To Know About The Metric System*

* For Your Everyday Use

The metric system, based on the decimal system, is easy to learn. You will only need to know ten units. There are, however, other units which most people do not need to know. And those units for electricity and time are the same as we use now.

COMMON PREFIXES:

Milli: one thousandth (0.001)

Centi: one hundredth (0.01)

Kilo: one thousand times (1000)

BASIC UNITS:

Meter: about 1.1 yards

Liter: about 1.06 quarts

Gram: 0.035 ounces

Lack of advertising . . . beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.
